Marianne:  
The attached Dairy Fed response letter doesn't incorporate the last edits I made yesterday. Please work with Bill to find those and resend the updated to Bob and Jim. Thanks.

Sorry about that! Remembered Michelle, because I know she likes to stay informed, but forgot you, Boss! Let me know how it goes. I'd like to know whether people are paying attention to the three reports we spend hours preparing each week to keep HQ apprised.

Thanks Dennis.

Hello Bob and Jim:

Dennis asked that I forward these draft documents to you for your conversation tomorrow about our recent work in the Yakima, Washington area. Our plan is to post the recent sampling data on our website next week along with the summary two page document attached below. We would also like to walk the Yakima Herald reporter through the data our findings to make sure they understand what we did and what we found. In addition, attached is our letter back to the Dairy Federation that will no doubt be shared far and wide once we send it.

I hope this is helpful.
